EVERYONE GOES HOME

FIREFIGHTER LIFE SAFETY INITIATIVES

The Courage To Be Safe... so Everyone Goes Home

The National Fallen Firefighters Foundation's *Life Safety Initiatives Program*

Firefighters must have the courage to face a multitude of risks in order to save lives and protect their communities. Their courage allows them to willingly risk their own lives so that others can be saved. A different type of courage is required to stay safe in potentially dangerous situations, avoiding needless risks and tragic consequences.

This provocative and moving presentation is designed to change the culture of accepting the loss of firefighters as a normal occurrence. Building on the untold story of LODD survivors, it reveals how family members must live with the consequences of a firefighter death and provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors in order to prevent line-of-duty deaths. The central theme promotes the courage to do the right thing in order to protect yourself and other firefighters and ensure that "Everyone Goes Home" at the end of the day.

The "Courage to Be Safe" Program was conceived and developed by the National Fallen Firefighters Foundation's Firefighter Life Safety Initiatives Program Team. Instructors who are passionate about the need to have the Courage to Be Safe and the importance of the 16 Firefighter Life Safety Initiatives in reducing Line-of-Duty Deaths should attend this program.
